

## **SUBMISSION OF A COURT ORDER**

Deep Sentinel  
Attention: Head of Security  
600 Main St. Ste C.  
Pleasanton, CA 94566

To Whom it May Concern:

Deep Sentinel is a new company designed to provide 100% video-verified calls for service. We have built a unique combination of sophisticated security cameras equipped with Artificial Intelligence (AI) and employees called LiveSentinels to provide live remote video surveillance.

If a video is required in the course of an investigation, Deep Sentinel Corp. provides a standard process for submitting court orders via the form below. These videos can be provided in an MP4 format via an encrypted email link or via an encrypted USB, at the election of the requesting agency.

As a part of the Deep Sentinel live remote video surveillance service, Deep Sentinel's employees (the above-mentioned LiveSentinels) will inform residents if law enforcement officers are observed on their property. Therefore an additional court order Deep Sentinel can process may be a court order demanding the suspension of video surveillance service to ensure the safety of officers who may be required to enter the premises of a Deep Sentinel customer. Please note, that due to the nature of our service, we cannot suspend our surveillance service without a court mandate.

These processes will be handled within 24 hours if possible. Court Orders may be scanned along with this form, then emailed to us at [leo@deepsentinel.com](mailto:leo@deepsentinel.com), with a signed and endorsed hard copy mailed to the address above. For immediate support please call 888-893-1941.

Deep Sentinel welcomes any and all feedback from our law enforcement partners, so please don't hesitate to reach out to me directly or to our head of security at 888-893-1941.

Thank you,
